

COURT OF APPEAL OF QUEBEC

April 23, 2013

NOTICE

The number of copies required for the production of arguments in fast track files

In order to facilitate the work of the Court, it has been decided to introduce a pilot program that increases the number of copies of written arguments filed with the Court from 4 to 5 for appeals that are conducted under the fast track procedure.

If this pilot program produces the expected results, the Court's rules of practice will be amended to reflect such a requirement.

This new requirement applies, as of today, only to new files that are subject to case management and/or are proceeding on a fast track basis.

NICOLE DUVAL HESLER
CHIEF JUSTICE OF QUEBEC
